

Trip of the Third Advanced ArAS School for Astrophysics

Egypt, a country linking northeast Africa with the Middle East, dates to the time of the pharaohs. Millennia-old monuments sit along the fertile Nile River Valley, including Giza's colossal Pyramids and Great Sphinx as well as Luxor's hieroglyph-lined Karnak Temple and Valley of the Kings tombs. The capital, Cairo, is home to Ottoman landmarks like Muhammad Ali Mosque and the Egyptian Museum, a trove of antiquities

You should wear whatever you want. However, it is advised to wear something light from cotton or linen, comfortable during your time in Egypt in the summer and wear comfortable footwear like a closed-toe shoe to sustain the sandy terrain. You should bring a brimmed hat and sunglasses if you not used to the Egyptian sun & pack everything you could ever need and put in a small bag so you could move easily between your destinations.

| Item | Description |
|--------------------------|--|
| Fees | 60 \$ for foreigners and 600 L.E for Egyptians |
| Time | Sep.21, 2023 |
| Visited places | Giza Pyramids and National Museum of Egyptian Civilization in El Fostat |
| Duration | One day |
| Pickup | Kottamia Astronomical Observatory at 7 O'clock |
| Final destination | Kottamia Astronomical Observatory |
| Meals | Break and lunch with water |
| Transportation | Bus |
